

The story of Jon C

written by admin | March 18, 2021

Lives On The Registry is working hard to tell the stories of those required to register. “The Story of Jon C” is a new posting on the website. You may already know Jon as the leader of New Name Ministries in Texas. Jon and his wife Cynthia are working hard at living a beautiful life, as well as creating a pathway for others to do the same.

Jon works directly with registrants who have just been released from incarceration. He has several homes where they live; they have a strict set of rules they must follow to work through the New Name Ministries Program.
